Age 13 - 17

Secondary Plus

**Build your
confidence
and get
ready for
your future**

New and improved for a more
rewarding learning experience

The place for you to learn English

Secondary Plus is no ordinary English course. It's designed to support independent learning and prepare you for a global world.

Everyone's welcome at the British Council.

We've worked hard to create a relaxed and open classroom environment – one where you can learn in your own way, but are supported by your teacher and classmates.

A friendly community

We create a place for you to be yourself and grow in confidence as a result.

Expert teachers help you find your voice

Secondary Plus is built on 80 years' experience. The course has been carefully crafted by a team of education experts, and it's delivered to you by a talented and dedicated team of teachers.

Every year, 400,000 students pass through our doors. Each leaves with new skills, new friends, and the confidence they need to build an incredible future.

Our 2,500 teachers undergo extensive training every year and they create a friendly, inclusive community that empowers you to take charge of your own learning.

Learn English for the real world

Secondary Plus is a stimulating, modular course with challenging projects that will build your confidence and help you reach your full potential.

In our lively classes, you will have lots of time to speak English and practise pronunciation with your teacher and classmates.

We'll help you succeed in school, get ready for university and develop the skills you need for the world of work and travel. Because when you can speak the world's global language, you're ready for anything.

Feel more connected and motivated

Our new, improved approach helps you to come to class fully prepared and more motivated.

Your teacher sets you activities to do online at home meaning you can learn at your own pace. This will help you to feel more confident and make more progress.

At home

Activities, quizzes and games to prepare for class and build reading, listening and vocabulary skills

In class

More time to communicate with your teacher and classmates, practise grammar and receive more personalised feedback from your teacher

After class

Reflect and review, track progress, identify areas for improvement and celebrate success

‘ You don’t just learn with books, it’s a more dynamic way of learning. ’

Develop life skills for a global world

One day, you're interviewing musicians at an international music festival. Another, you're giving a presentation at the World Hunger Summit. Every day is different – and that's by design. Because when you're not staring at a textbook, you learn far more.

Whatever your level, Secondary Plus is designed to challenge you – and not just on your English. As you work

alongside your fellow students, you'll build leadership, collaboration and critical thinking skills, too.

Study with us and get ready for your future

Our lessons focus on real-world scenarios and experiences that prepare you for a global world. The next page gives you a taste of what you will be doing in class.

“ I can be myself at the British Council. ”

Culture

Interview musicians at an international music festival

Digital skills

Social media

Discuss how to stay safe online, reflect on social media well-being and give views on cyberbullying

Citizenship

Tourism and the environment

Discuss the impact of mass tourism and write a travel blog on green tourism

Making progress

Secondary Plus offers eight language levels and you will always be learning with others who have a similar level and are in your age group.

You will set learning goals with your teacher and be encouraged to take responsibility for your own learning.

You can expect to complete one level per year. At intermediate level, you will be able to speak about a variety of everyday topics and carry out research projects in English. At advanced level, you will be able to express points of view, use English creatively and reflect critically.

Your child's progress

One level per year

Keep track of your progress

Together with your teacher, you can keep track of your progress using the new personalised dashboard.

At the end of each module, you will be encouraged to reflect on your own learning. At the end of each semester, you will receive a written report from your teacher.

Feel a greater sense of progress

Feel more connected and in charge of your English learning adventure - write in your English journal, discuss your projects with classmates and upload work for your teacher to review. All this is possible on the new dashboard.

Overview

In this module you're going to ...

- watch a documentary about a conservation centre
- read a magazine article about urban animals
- learn and use vocabulary for talking about issues related to animals
- practise using phrasal verbs and identifying different parts of speech
- write an online comment giving your opinion on hunting, and a fact file about an urban animal

Project

Write a discursive essay about an animal issue.

A safe and inclusive learning environment

We create a safe place for you to be yourself, give your own views and express your opinions openly.

We have the highest standards for child protection and have robust measures in place to keep you safe when you are learning in our classrooms and online.

Covid-19

The health, safety and well-being of all our staff and customers is our top priority.

You can be assured that we have put in place measures in line with government guidelines to keep you safe when you visit our centres.

‘ Understanding English helps me to communicate with people from different cultures. ’
